AIMers are back...and Hard at Work

Our new AIMers have completed their six weeks of language school training and have returned to Corquín. We are excited to have them here and look forward to seeing what God does through them. We love their “can-do” attitudes and their dedication to the work. They have already jumped into our RADICAL ministry and are helping in so many ways. Their energy is contagious and the members of RADICAL have already mentioned to us how much they enjoy having them with them. Carlos, one of our team members, is motivated to get our youth group back up and running with the AIMers’ help.

Please keep all the members of our Corquín team in your prayers.

Thank you for your continued prayers on our behalf.

Below is a list of this month's daily prayer requests.

Sunday

Praise God for the souls He is adding to His kingdom

Monday

Spiritual maturing of the local Christians

Tuesday

Outreach to the young adults

Wednesday

Individual Bible studies

Thursday

Church leaders as they serve and guide

Friday

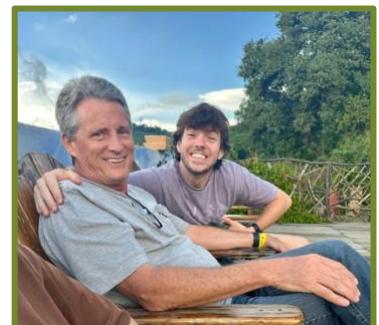

R.A.D.I.C.A.L. team members as they teach in the schools

Saturday

New AIMers as they begin working in Corquín

Our Harding Intern

We have hosted Harding University interns for the past three years, and each one has brought a unique gift and area of service to our team. This year Jack was with us for two months and left for the States at the end of this month. While here, he worked with the RADICAL team, did visitation with Kevin in Potrerillos, spent time with Michael Santos – an English-speaking member of the church and with Elvin – another one of our young adults. He also helped us configure a computer filing system for RADICAL and before leaving he even preached a sermon that Mike translated.

Preparing for the Medical Brigade

August 4th – 6th is this year's medical brigade. The Southside Church of Christ has sponsored a brigade every year for the past several years and we are so incredibly grateful for them and the sacrifices they make to be here.

Preparing for the brigade takes a lot of time and energy but is always worth it. This year we decided to hold this brigade in a new location – Pashapa Celaque. This community is in the municipality of Corquín but is in a sector where we have never reached out to as it is quite remote. There are many small communities in this area and about seven schools. We are praying and considering bringing our RADICAL team into this untouched area this next school year. This brigade is an introduction of the church to this area. Please pray that we will represent Christ well and that God will open the doors for us to bring the good news of Christ to these communities.

A Visit from Uliana's Family

This month Uliana's family was able to come for a visit. We appreciate their willingness to join us in some of our activities. Since her parents were missionaries in Ecuador years ago, they speak Spanish and volunteered to be guest speakers. Justin shared a message on both a Sunday and Wednesday night, and Amanda spoke to the women and shared a craft at our Tuesday ladies' night. Our church loves having guests, and

Grandma Time

July 2026

Kris was given the best gift she could imagine! She was invited to spend a month caring for our son Matt's two children in South Carolina. This is the first time since they have been born that either one of us have been able to spend significant time (more than a week) with our precious grandchildren and we feel so blessed that she had that opportunity. Being separated from our family is one of the most difficult parts of serving in Honduras. Kris was also able to see our other son Mason and his wife, Abbey. Blessings upon blessings!

Surprises

God presents us interesting challenges from time to time. In June, we went to Antigua with the new AIMers focusing on the change in team dynamics, new schedules and the benefits that would come with that. At that same time, we learned that Matt and Sarahi were ready to start the new chapter of their lives and that the wedding would be held two days after returning from Antigua. As you saw last month that upon returning, Kris decorated our terrace for the reception, arranged a meal, and made a wedding cake in those two days.

On the day of the wedding, we received another surprise – the small house next door with its parking area (that we have been renting for nine years and has been used as our church meeting space, guest quarters, Mike's office, and for our chicken business) would no longer be rented to us. The message said we had one week to move out! It's amazing what one can accomplish with an imminent deadline!

How to contact us:
